Women's House Dresses, at exactly Wholesale Prices

SPECIAL!

It is a well-known fact that a great deal of this district's Ready-to-Wear Clothing is bought from the mail order houses.

We want this business, and believe we can give the public a better deal on it than the mail order house.

We now have on hand Ladies' Sample Suits and Coats, and are prepared to take your order for the same. Our proposition is that you see our samples, and order from us. If we sell thirty suits or coats by December 1st we will rebate to each customer 8% of the purchase price of the suit or coat purchased from us. If we sell forty coats or suits we will rebate 10% of the purchase price to the customer.

We are sure we can save you at least 15 per cent. on the purchase price, and a rebate of 10 per cent. will make a saving to you of 25 per cent. Let us try it anyway.

DEATH CALLS

MRS. JOHN McMILLAN

The following is taken from the Free Advertiser, bearing date of August 31st:

"Word of the death of Mrs. John McMillan, First Street South, Red Deer, came home recently to the town, came with something of a shock to a wide circle of friends and acquaintances. Scarcely a morning had passed since the death of the preceding Sunday morning, but was taken down with least trouble. True to her indomitable spirit, she made an attempt to get going again Sunday morning but the effort was too much for her and she gradually weakened to the end. Mr. McMillan and her daughters were with her the latter day. Mrs. McMillan was in her 68th year.

"Mrs. McMillan is Miss Annie Redden—was born at Midway, in Bruce county, Ontario, and she and Mr. McMillan were in the same district, being married in 1879. In 1888 they moved to Delia, where she was born, which was their home for thirteen years, and where she became acquainted with Mrs. L. M. Kinney who remained her close friend to the end. In 1902 they came to Red Deer, which was their home since, and where Mrs. McMillan was deeply interested in all church and charitable work and was a stalwart all her mature life in the Women's Christian Temperance Union, having been

presented a number of years ago with a life membership by the Red Deer W.C.T.U., in which she had ever been an indefatigable worker and officer. She was an active woman to the very last; she became especially interested to sympathize with all the needs and aspirations of women, and she was a warm supporter of all efforts to improve the public and legislative position of the women of Alberta.

"Mrs. John Bradford, Delia, and Mrs. B. A. Barnes, Spokane, Wash., and Mrs. H. S. Gilson, Caranago, are the daughters. Their only son, John Sheldon, somewhat suddenly passed away in 1911 at the age of 12 years. Their son, John, was a member of the Red Deer United Church. Mrs. Ellen Haig, Montreal, and Mrs. Dan McKean, Graveland, are her surviving sons.

Rain brings rest, also rust.

EIGHTEEN CONTRACTS IN ONE DAY'S MAIL

By the first mail on Monday, August 29th, the Alberta Wheat Pool received 18 contracts for a total of 1,421 acres of wheat for sale, reports the U. F. A. in its last issue.

The demand for membership contracts forms continue to be active, and from day to day new contracts in considerable numbers, both signed and to be received. Here are a few typical letters:

"I, Arthur, harvestor, of Windfall, Alberta, write under date of August 14th, enclosing a contract for John N. Ducharme, and stating, 'I will be glad if you will forward me about two dozen contract forms so that I can have one on hand.'

"Writing from Orono, M. H. Rose quotes: 'Please send me some of your contract forms at once, as I have none new members wanting to sign up with the Pool.'

"From Veterans, J. S. McBurney, writes under date of August 18th: 'I kindly forward at once a supply of contract forms for Pool members. As I have a number of applicants who wish to sign up with the Windfall Pool.'

Other letters received include applications for membership from Latham, from Reno, where the applicant states he will shortly have a crop to ship from Kinella, from Stirling and Craygville.

The English channel averages 110 yards in depth.

CROPS ON C.N.R. ARE IN GOOD SHAPE

Crop conditions at points central to the Canadian National railway in Alberta are eminently satisfactory according to the weekly report issued last Friday. In some districts threshing is now in progress and what is yielding well. From Mirror to Calgary the estimated yield is 25 bushels to the acre.

The reports from the various districts are as follows:

Drumheller to Hays—Harvest has been held up on account of recent rains but harvest is now in full swing again, about 20 per cent. being completed. The grain is of a high grade and there are no reports of any damage. Threshing will be commenced in about five days. Conditions are entirely favorable at the present time.

Hanna to Kindersley—The wheat has been ready for cutting this week and about 60 per cent. of the wheat is cut. Threshing has commenced, but will not be general for about another week. The first crop is now mature for the winter. The oat crop is reported poor. No damage from any source has been reported.

Musson to Morrin—Cutting is now general. Some very large fields are cut and the average yield will be high. A half storm in the vicinity of Delia did serious damage but there was no loss at any other point.

Mirror to Calgary—The wheat is practically all ready to cut and cutting is general. With the recent rains and fine weather this week the ripest grain is reported to be shelling out. The wheat is of a very fine quality and the estimated yield is around 30 bushels to the acre. About 10 per cent. damage has been done in the Hasky district on account of a half storm.

Brown to Warden—There were heavy rains during the last part of the week but it is now fine and warm. Cutting is now general, and the average yield is still estimated at 20 bushels. Oats promise a yield of about 20 per cent. better than average crop provided there is no frost.

Red Deer Junction to Red Deer—Wheat is filling out well and cutting has commenced but won't be general until about next Monday. There has been no damage to grain from any source.

Hanna to Tynan—There has been a rapid thaw but harvesting is progressing favorably. The yield will not exceed 10 bushels to the acre. Grain is not ripening fast owing to cold weather.

Assess, Sask., to Estonia, Sask.—The wheat has been well cut but without any rain. Farmers are making good progress in cutting, after considerable delay last week on account of wet weather. Approximately 75 per cent. of the wheat has been cut and stacked. The pastures are in good shape. No damage has been reported during the past week.

C.P.R. Crop Report

That the crops this year in the Calgary district are about the best on record is indicated in the Canadian Pacific weekly telegraphic report on Saturday.

The wheat yield at Didsbury, Okla.—Pacifi is estimated at 20 bushels to the acre. Christina, Brown and Cochrane are there deliveries of the new crop. 85 for the yield have been by expectations and the grading is good, although it always must be remembered that on the first look the elevator man "has the goods" when it comes to marking the grade.

Oats will run from 35 to 60 bushels and barley 25 to 30 bushels to the acre. The district is about whole. About five per cent. of the wheat has been cut, but this work has been put off.

Cutting and threshing is making good progress in the eastern part of the province. The estimated wheat yield varies from 20 to 30 bushels to the acre. In the north 20 to 25 bushels an acre is expected from Minneapolis to Graveland. 20 to 25 bushels from Graveland to Winnipeg.

Wheat is being cut in the north 20 to 25 bushels an acre. In the south 20 to 25 bushels an acre. In the north 20 to 25 bushels an acre. In the south 20 to 25 bushels an acre.

LIST OF DELIA SCHOOL PROMOTIONS

The following pupils of the Delia High School, who were in the recent departmental examinations, received unit credits as below:

GRADE XI

Beatrice Anderson, passed in seven units.

Agnes Harriet King, passed in seven units.

Frances Anna Bell McKay, passed in six units.

Stanley Martin Wylie, passed in five units.

William Frith Drake, passed in nine units.

Alex Feinick Lewis, passed in five units.

James William Clark, passed in six units.

Clara Evelyn Cobb, passed in five units.

Kathleen Elizabeth Newman, passed in seven units.

Ellen Eva Jane Reid, passed in six units.

Frances Rose, passed in seven units.

GRADE X

Fred Dulavitsky, passed in five units.

William Malcolm Blaney, passed in three units.

Frances Dawson, passed in eight units.

Pro Adam Morrison, passed in seven units.

Ellen Brenda Rowe, passed in five units.

Helen Marjorie Wark, passed in four units.

Bertha La Wood, passed in seven units.

Robert, passed in eight units.

Annie E. L. Dillip, passed in two units.

Hilda Williamina Bryan, passed in five units.

Gladys Elvira Nelson, passed in four units.

Gladys Anselm Nicolle, passed in one unit.

Marion H. Poland, passed in five units.

Betty Robb, passed in five units.

James Albert Robb, passed in three units.

William Thompson, passed in five units.

GRADE IX

Helen Blaney, passed in two units.

Dorothy Bell Burke, passed in six units.

Dorothy Ray Husley, passed in six units.

Joe Lucille Miller, passed in five units.

Marguerite F. M. Rieger, passed in six units.

Thomas Frederick Rieger, passed in six units.

Arthur Paul Rowe, passed in six units.

Selma Ethel Wood, passed in five units.

Albion Albert Wood, passed in five units.

Albion Albert Wood, passed in five units.

Albion Albert Wood, passed in five units.

EDSEL FORD

Given Rumors Knockout Blow

Another job has been given the rumor and propaganda experts.

Edsel Ford, while visiting the President, Coughlin, Adair, camp, declared, according to newspaper men, that the Ford Motor Company would not put a disc-shaped car on the market. He denied this report.

"We have no present plans to change our model or introduce a new type," he said, as reported by the press.

The above is an extract from the Ford news of recent date. Buy your new car NOW!—Prices can never be lower.

CANADIAN FRUIT EXPORT IS GROWING

Fruit exported from Canada has been valued at \$3,892,500, which is about the average value of the annual exports for the past two years. Apples in a natural state constituted about three-fourths of this total, that is, 1,388,493 barrels, worth \$2,450,100. Of these exports of apples last year 1,580,000 barrels, worth \$2,600,000, went to Great Britain, and the remainder to the United States, Bermuda, British Columbia, China, Denmark, Germany, Newfoundland, New Zealand and Scandinavia. The exports to Great Britain, however, formed the chief part of the trade.

The annual production of apples in Canada ranges from 2,700,000 to 4,600,000 barrels. The average export is about \$1,300,000 barrels a year. The possibilities of apple production in Canada have recently been touched, for the present com-

A humming bird can fly over 600 miles in a single night.

British Miners' Strike Movement Is Deadlock Over The Coal Strike

London.—Publication of the report of the proceedings of the report of the miners' and the government have been in the news since the strike in the deadlock which has lasted for 12 weeks. There seems to be no prospect of a termination of the strike except by the process of attrition, through continued breaking of the pickets from the stand taken by the miners' representatives.

The miners' representatives had nothing more to propose at the meeting and the government had nothing to concede. Viscount Churchill, chairman of the conference, refused to consider a reversal of the subsidy to the miners in any shape. Very much was said by Mr. J. A. Clark, secretary of the Miners' Federation, who said that the government for Churchill's attitude as "bitter" and "unfriendly." Mr. Clark, president of the Miners' Federation, said that the government was not taking any step to make the miners' strike a success. He said that the government was not taking any step to make the miners' strike a success. He said that the government was not taking any step to make the miners' strike a success.

Mr. Churchill had advocated an end to the strike. He said that the government was not taking any step to make the miners' strike a success. He said that the government was not taking any step to make the miners' strike a success. He said that the government was not taking any step to make the miners' strike a success.
